

Energy accessible at all-time

Noiseless

Maintenance-free

Environmentally friendly (no gas emissions)

Light (25 kg)

Unmatched recharging speed up to 100 Amp

Very long life time, more than 2000 cycles

EZA RANGE

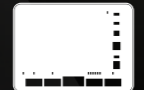

EZA80 / 80 Ah 12 Volts

MAXI approved inverter power 1,5 Kw

EZA130 / 130 Ah 12 Volts

MAXI approved inverter power 1,5 Kw

EZA260 / 260 Ah 12 Volts

MAXI approved inverter power 2,5 Kw

EZA280 / 280 Ah 24 Volts

MAXI approved inverter power 5 Kw

EZASUN70 / 70 Ah 24 Volts

MAXI approved inverter power 1.5 Kw

EZASUN140 / 140 Ah 24 Volts

MAXI approved inverter power 2.5 Kw

“TAKE CONTROL”

“COMFORT,
with EZA you
can use all your
electrical
appliances.”

SUBJECT TO USING THE POWER AND INVERTER
SUITABLE TO THE EZA MODEL INSTALLED :
EZA80, EZA130, EZA260, EZA280

“NO STRESS, Thanks to its highly
innovative concept, EZA enables
ultra-fast charging, 7 to 10 times faster
than traditional solutions.”

In case of need, just put your engine on.”

“make a
home from
home”

“EZA can be
recharged by all
12/24V generators :
Alternator,
Solar panel,
Wind turbine,
230/12V
or 24V Charger,
Power generator,
Fuel cell.”

“PEACE OF MIND, no noise, no maintenance,
once installed EZA is worry free.”
